On behalf of the Board of Directors of the Western Wisconsin Chapter of the Juvenile Diabetes Research Foundation (JDRF), we sincerely thank you for your generous donation of \$8,155.

JDRF is structured on a business-world model that efficiently and effectively directs resources to research aimed at finding a cure as soon as possible. In a typical year, 85 percent of JDRF's expenditures directly support research and research-related education. Because of its unwavering focus on its mission to find a cure, for the fifth year in a row JDRF has received an "A" rating from the American Institute of Philanthropy, the only such rating for any international diabetes organization. JDRF also received top rankings from other independent sources that rate charitable giving, including **Forbes** magazine, **The Chronicle of Philanthropy**, The Wall Street Journal's **SmartMoney** magazine, and Charity Navigator.

A change in the Internal Revenue tax law now provides that any charitable contribution in excess of \$250.00 made on or after January 1, 1994, will be disallowed unless the donating taxpayer can provide proof of the contribution by written acknowledgment from the nonprofit organization. For your tax verification, please note that no goods or services for this donation were received. Please keep this letter as your receipt of your contribution to the Juvenile Diabetes Research Foundation.

The Juvenile Diabetes Research Foundation International (Taxpayer ID#23-1907729) is a tax-exempt, non-profit organization under Section 501©(3) of the Internal Revenue Code.

Again, thank you for your generous gift and we look forward to your continued support in the future.
